Medical Passwords 2003

Quem diria que esse arquivo ia sair... demorou muito mas aqui está! São simplesmente **1241** senhas, mais que o dobro do ano passado!!!!

Tem para todos os gostos de literatura... inglês, português, alemão, russo, tcheco, coreano, grego, etc, etc, etc. Há também revistas e jornais, não só de assuntos médicos, mas também de atualidades como o Times e alguns outros de economia. Temos também periódicos de engenharia, física, economia, odonto, nutrição, enfermagem, fisioterapia... Ou seja, muita coisa para quem quiser procurar...

Também temos muitas senhas para o OVID, EBSCO, INGENTA, Synergy, etc...

Cheguei a cogitar a possibilidade de separar em áreas de afinidade como Cirurgia, Pediatria, etc, mas isso ia dar tanto trabalho que desisti. Mas está tudo em ordem alfabética. Ahhh... E quando os nomes das revistas começarem com preposição não se esqueçam de procurar o nome com e sem a preposição... Acho que essa é a última dica.

Talvez não saia outro arquivo de atualização esse ano porque é um ano meio complicado para a minha vida... Mas quem o que pode chegar ano que vem!!! :)

Não se esqueçam de manter seus emails atualizados, e eventualmente, dependendo de minha disponibilidade, pode ser que eu atenda a pedidos pessoais. E não se preocupem que não cobro nada, o engraçado é que já ofereceram. Faço isso porque é necessário conhecimento para gerar conhecimento, e pagar US\$ 40,00 por um único paper é abusivo, e muitas vezes nossas faculdades não permitem acesso remoto, que é o caso da minha, e é um saco ter que lutar para conseguir sentar na frente de um terminal dentro de nossas instituições.

Já falei demais!

Abraços
